

Gabby is mum to two young boys – her ‘little bears’ who were both born under the guidance of Hawke’s Bay maternity services.

She says her boys and the different experiences that were their births inspire her to represent consumers to the best of her ability.

Gabby looks forward to meeting women, partners and whānau using Hawke’s Bay Maternity Services and using their feedback to help shape the services and how care is delivered.

Maternity Services Consumer Member

“Family and support during pregnancy, birth and parenthood is a passion of mine, linking in with my other interests and community networks. I believe when a child is born so is a mother. This is a precious and special journey that requires learning and growing, as well as support networks. I hope that my support of you can help to ‘keep it real’. I wish to ensure all mums and dads have a voice, and can have a say in how the maternity service works and runs.”
