1 AGREEMENT FORMALITIES

1.1 Parties

In accordance with the Employment Relations Act 2000 this collective agreement is made:

Between:

Te Whatu Ora / Health New Zealand (Hereinafter referred to as "the employer" or Te Whatu Ora)

and

New Zealand Public Service Association Te Pūkenga Here Tikanga Mahi Incorporated (hereinafter referred to as the PSA or the 'union')

1.2 Coverage

This is a collective agreement (CA) and is made pursuant to the Employment Relations Act 2000. This CA shall apply to all employees who are members of the PSA and who are employed by the employer party to this CA in the following services and professions:

1.2.1 Public Health

Public health professionals provide services for the purpose of improving, promoting, or protecting public health including preventing population-wide disease, disability, or injury; through

- a) Health Protection Services, which include regulatory functions; and
- b) Health Promotion Services.

1.2.2 Technical/Scientific (including Food Supervisors & Vision Hearing Testers/ Technicians)

A range of technical or scientific positions that either:

- a) Provide clinical support services to clinicians who provide direct patient care; or
- b) Provide direct patient care; or
- c) Provide public health services.

These positions can be supervised or non-supervised depending on the level of skill, education and qualification.

1.2.3 Health Assistant

A Health Assistant works under the direction and supervision of an Allied Health, Public Health, Technical/Scientific professional, or Dentist.

1.2.4 Allied Health

The Allied Health professions each have a distinct, specialised body of knowledge and skills, and actively work with people accessing health and disability services across a range of settings. In their practice, allied health professionals provide services and engage in activities that may include prevention, assessment/evaluation, identification/diagnosis, treatment, rehabilitation/habilitation, promotion of health and wellbeing, education, research and health services management.

To be part of the Allied Health professional workforce, health professionals must be:

- a) Involved in direct patient contact providing patient treatment, intervention or assistance, assessment, patient management and education, working in primary, secondary and tertiary care settings.
- b) Tertiary trained undertaking recognised university degrees at undergraduate and/or graduate entry level.
- c) Required to obtain specific qualifications to either obtain (or be eligible for) professional registration to practice, or to join the relevant professional association and have a specific professional qualification recognised by NZQA.
- d) Allied to each other and the Medical, Nursing/Midwifery and Technical/Scientific professions, working together as part of multidisciplinary or inter-professional teams to achieve best practice outcomes for the client across the primary, secondary and tertiary health sectors; and
- e) 'Allied' with clients, the client's family/whānau and other carers, and with the community in order to achieve best outcomes for the client.

The parties recognise that historically, Allied Health professions have not always required a university degree as an entry point to the profession. This coverage clause is not intended to exclude employees who:

- a) do not hold a university degree but who have achieved registration with their regulatory authority; or
- b) hold a position for which the current requirement is to have a university degree and/or registration but who does not hold that university degree
- c) are involved in the training and development of other Allied Health Clinicians (e.g. Educators) but who do not directly provide patient care as part of that role.

- c) who manages allied health, public health or technical employees covered by this CA, noting that these employees may work as part of a multidisciplinary team that includes other professional backgrounds; but
- d) who doesn't solely manage employees covered by other collective agreements; and
- e) who does not also have a professional/ clinical component to their role. (NB These managers shall be paid on the relevant professional salary scale).

1.2.8 Interpreters

1.2.9 Any other employees substantially employed in one of the above positions who may from time to time use an alternative title.

1.2.10 Nothing in the above coverage clause shall act to exclude any employee who is a member of the PSA and was covered by the 2005-07 regional MECA that preceded this Agreement, nor shall it act to include any employee whose position was explicitly excluded from coverage of the regional MECA that preceded this Agreement unless the PSA and the District concerned specifically agree otherwise.

1.2.11 The parties agree that, where new or emerging roles are identified that either consider are within the general ambit of coverage of this Agreement, but not specifically listed above or in Appendix K, they shall work together to determine the appropriateness of coverage by the Agreement and, if so, the salary scale(s) that should apply. Any outcomes shall be recorded by way of formal variation to this Agreement or through formal exchange of letter or memorandum.

1.3 Existing Employees on IEAs

- 1.3.1 Where the employee joins the PSA, and their position is covered by this Agreement that employee's terms and conditions of employment shall from the date on which they join the PSA be those contained in this Agreement unless otherwise agreed between the parties. The employer recognises that the employee has an entitlement to seek advice from the PSA in this regard.
- 1.3.2 Any existing employee who joins the PSA shall translate to the relevant scale on the basis of an assessment by the employer, which places the employee on a step consistent with existing union members, taking account of length of service, skills and responsibilities. This is necessary to avoid new members, who may currently be on different salary scales, translating to the CA scales at points higher than the equivalent union member. The assessment may result in a lower salary and, if so, the employer undertakes to maintain the employee's current salary until the assessed salary exceeds the current salary.
- 1.4 New Employees
- 1.4.1 New employees who are members of the PSA and whose position is covered by this collective agreement shall be bound by this Agreement.
- 1.4.2 New employees who are not members of the PSA shall be offered an individual employment agreement, which is based on the terms and conditions of this CA for the first 30 days of their employment, pursuant to Section 62 of the Employment Relations Act 2000. At the conclusion of this 30-day period, the employee may elect to join the PSA and in doing so shall be bound by this collective agreement or remain on an individual employment agreement if they do not join the PSA.

2 HOURS OF WORK

2.1 Hours of Work

2.1.1 Statement of Intent

The employer recognises the need for staff to balance their work life with their recreational and home life and is committed to active participation in the management of workloads and working time that achieves staff and management goals, and results in realistic work expectations. Te Whatu Ora and the PSA recognise that a degree of stress is a part of the modern workplace. The employer makes a commitment to working with staff to develop policies and practices that attempt to minimise the negative impact stress has on workers' lives and that workloads are reasonable.

Nothing in this document is intended to vary the hours of work arrangement that apply at the time that this CA comes into force. The hours of work can only be varied by application of clause 2.1.6.

2.1.2 The Week

The week shall start and end at midnight each Sunday/Monday. When the major part of a duty falls on a particular day, the whole duty shall be regarded as being worked on that day. This provision does not relate to remuneration but only to rostering conventions for days off.

2.1.3 Ordinary Hours of Work

- a) Unless otherwise specified the ordinary hours of work shall be either
 - i. Eighty (80) hours in each two-week period (14 days), worked as not more than ten (10) duties, provided that for rostered shift work the ordinary hours of work may average forty (40) hours per week during a period of up to seven (7) weeks, or the applicable roster period, whichever is the lesser; or
 - ii. Eighty (80) hours in each two-week period (14 days), worked as not more than ten (10) duties between 0600 and 2000 hours, Monday to Friday, or
 - iii. Forty (40) hours in each week worked as not more than five (5) duties between 0600 and 2000 hours, Monday to Friday.
- b) The ordinary hours of work for a single duty shall be up to a maximum of ten (10) hours.
- c) A duty shall be continuous except for the meal periods and rest breaks provided for in this Agreement.
- d) Except for overtime, and except where an alternative arrangement is operating, each employee shall have a minimum of four (4) days off during each two (2) week period (14 days). Days off shall be additional to a nine (9) hour break on completion of the previous duty.
- e) Except for overtime, no employee shall work more than five (5) consecutive duties before a day(s) off, provided that an alternative arrangement may be implemented by agreement between the employer and a majority (measured in full-time equivalents) of the directly affected employees.
- f) There are a range of hours are worked across the employer that are defined as full-time. There is no intention, as a result of these negotiations, to change the existing 'full time' hours of work in each District unless otherwise agreed.

2.1.4 Rosters

- a) The Health and Safety at Work Act 2015 requires the employer to ensure, so far as is reasonably practicable, the health and safety of workers while at work.
- b) Therefore, in designing and implementing shift rosters to meet service needs, the employer shall ensure the disruption, personal health effects and fatigue associated with shift work are minimised for the group of workers involved. Roster templates and changes to roster templates shall be jointly developed and reviewed by the employer, representatives of affected employees and the PSA.
- c) Where an employee is required to start and/or finish work at changing times of the day and/or on changing days of the week, then a roster shall be produced.
- d) The roster period shall be four (4) weeks (28 days) or greater, except that it may be less for services where unpredictable service demands make this impracticable.
- e) Rosters shall be notified to the employees involved at least four (4) weeks (28 days) prior to commencement of the roster period, except that the minimum period of notification for

roster periods of less than four (4) weeks shall be two (2) weeks (14 days). Less notice may be given in exceptional circumstances.

- f) Single days off shall be avoided as a routine rostering device, and there shall be no more than one single day off for an employee during a four (4) week period. Employees shall be discouraged from requesting single days off.
- g) Notwithstanding the foregoing conditions staff may be permitted to change shifts one with another by mutual arrangement and with the prior approval of the manager. Additional overtime or other penalty provisions shall not apply in these instances, that is, the swapping of shifts will be a cost neutral exercise.
- h) For employees working on 4&2 roster the roster cycle shall be for a six-week period of four days on duty followed by two days off duty.
- i) Night rosters shall provide for adequate rest following any period of consecutive night duties.

2.1.5 Hours of Work Requirements

- a) The employer shall document the hours of work requirements for each position for which an employee, other than a casual employee, has been engaged or is for the time being fulfilling. The written hours of work requirements shall be provided to the employee.
- b) Hours of work requirements shall comply with all of the provisions of clause 2.1.3 of this Agreement.
- c) Hours of work requirements shall reflect actual hours of work and shall be specified in terms of:
 - i. The times of the day for which an employee is required to be available for the ordinary duty hours of work and
 - ii. The days of the week for which an employee is required to be available for the ordinary weekly hours of work, and
 - iii. Any overtime or on-call requirements or opportunities.

2.1.6 Variation of Hours of Work Requirements

a) Emergencies

The employer may require variations to hours of work requirements to meet the needs of emergencies.

b) Occasional variations

Occasional variations to the times of day and/or days of week to meet service requirements shall be by agreement between the employer and the directly affected employee(s).

c) Long term / permanent changes to hours of work requirements

Except as provided for above, where the employer requires an employee to change their hours of work requirements to meet service needs, then a minimum of twelve (12) weeks prior notice of the change shall be given for the purpose of reaching written agreement between the employee and the employer. Such agreement shall not be unreasonably withheld. A shorter period of notice than twelve (12) weeks may be applied by agreement. Should mutual agreement not be reached the employer reserves the right to use the management of change provisions to effect the change. The employee's representative shall also be advised of the notice of the change at the same time as the

employee. The parties note that this provision is not in lieu of the management of change provisions.

- d) No employee shall be discriminated against for not agreeing to change their hours of work requirement.

2.1.7 Minimum Breaks

- a) A break of at least nine (9) continuous hours must be provided wherever possible between any two qualifying periods of work. Qualifying periods of work for the purposes of this clause are:
 - i. A duty, including any overtime worked either as an extension or as a separate duty; or
 - ii. Call-back where eight (8) hours or more are worked continuously.
- b) Except that if a ten (10) hour duty has been worked then a break of twelve (12) consecutive hours must be provided wherever possible.
- c) If a call-back of less than a continuous eight (8) hour period is worked between two other qualifying periods of work, a break of nine (9) continuous hours must be provided either before or after the call-back. If such a break has been provided before the call-back it does not have to be provided afterwards as well.
- d) Except, for those employees who are called back between 2300 and 0500 hours, the break must be provided afterwards as specified below, unless otherwise agreed between the employer and the employee:
 - i. a 9-hour break shall be provided in those Districts where a provision was in place as at 1 October 2008
 - ii. where no mandatory break has previously been provided in other Districts, the roster should facilitate a 9 hour break wherever possible
 - iii. Time spent off duty during ordinary working hours solely to obtain a 9-hour break, shall be paid at ordinary time rates. Any absence after the ninth continuous hour of such a break, if it occurs in ordinary time, shall be treated as a normal absence from duty.
- e) If a break of at least nine (9) continuous hours –or twelve (12) – cannot be provided between qualifying periods of work, the period of work is to be regarded as continuous until a break of at least nine (9) or twelve (12) continuous hours is taken, and it shall be paid at the overtime rate.
- f) Time spent off duty during ordinary hours of work solely to obtain a nine (9) – or twelve (12) – hour break shall be paid at the normal hourly rate of pay. Any absence after the ninth – or twelfth – continuous hour of such a break, if it occurs during ordinary hours of work, shall be treated as a normal absence from duty.

2.1.8 Meal Breaks and Rest Periods

- a) Except when required for urgent or emergency work and except as provided in 2.1.8 b) below, no employee shall be required to work for more than five hours continuously without being entitled to a meal break of not less than half an hour. There will be only one meal break of not less than half an hour during a 10-hour shift.
- b) An employee unable to be relieved from the workplace for a meal break (as defined in 2.1.8 a)) shall be entitled to have a meal while on duty and this period shall be regarded as working time paid at the appropriate rate (the rate payable at that time).

- c) Except where provided for in 2.1.8 b) above an employee unable to take a meal after five hours shall, from the expiry of five hours until the time when a meal can be taken, be paid T0.5 in addition to the hourly rate that would otherwise be payable.
- d) Rest breaks of 10 minutes each for morning tea, afternoon tea or supper, and the equivalent breaks for night duty where these occur during duty, shall be recognised as time worked.
- e) During the meal break or rest breaks prescribed above, free tea, coffee, milk, and sugar shall be supplied by the employer. Where it is impractical to supply tea, coffee, milk, and sugar free of charge, an allowance of \$1.66 per week in lieu shall be paid. This allowance shall continue during all periods of leave except leave without pay.

2.1.9 Changing Time

Where an employee is required by the employer to wear a particular uniform or set of clothing on duty and is not permitted by the employer to wear that uniform/clothing other than within the precincts of the workplace, the employee shall be allowed a period of six minutes, both at the start and end of each duty, as changing time.

2.1.10 Flexible Work

The parties support the Public Service Commission/Te Kawa Mataaho's "flexible by default" principles:

- i. IF NOT, WHY NOT - All roles are treated as flexible unless there is a genuine business reason for a role not to be. Flexibility is equally available to women, men and gender-diverse employees, irrespective of the reason for wanting it. Working flexibly will not undermine career progression or pay.
- ii. WORKS FOR THE ROLE - Every role should be suitable for some form of flexibility but not every type of flexibility will work for every role. Genuine business reasons may mean that some types of flexibility cannot be implemented for some roles.
- iii. WORKS FOR AGENCIES AND TEAMS - Flexible working should not be viewed as something which is just agreed between an employee and manager. This means that the impact of flexible arrangements should be considered on teams, and the agency as a whole.
- iv. REQUIRES GIVE AND TAKE - Flexibility requires give and take between the employee, manager and team. It also places collective obligations on employees, managers, and teams to be open and adaptable so that it works for everyone.
- v. MUTUALLY BENEFICIAL - Flexible working needs to work for the agency, teams, and employees. Consideration should be given to how flexible work arrangements can maintain or enhance service delivery and the performance of the agencies, teams and employees. It should not result in increased workloads for employees working flexibly, or for other team members who are not.
- vi. ACTIVELY CHAMPIONED BY LEADERS - Leader's support, champion and role model flexible working for their teams and themselves.

2.2 Overtime and Penal Time

2.2.1 Eligibility restricted for Designated Positions (including Advanced Clinician and Advanced Practitioner positions).

This clause 2.2 shall apply to all employees except that for Designated Positions, overtime and penal rates will only apply as outlined in 2.2.1 (a) and (b) below:

- a) Penal - Payment of weekend and night 'penal' rates shall be payable where Designated Positions are required to work shifts and rosters or have approval to work weekends or nights on a regular basis in order to fulfil the requirements of the job description.
- b) Overtime shall be payable to Designated Positions only in the following circumstances:
 - i. Where the appropriate manager is satisfied that the additional time worked is necessary because of an emergency or other special circumstances; and
 - ii. Where the salary does not already incorporate a payment for overtime/penal time hours.

Equivalent time off for work performed outside normal hours may be granted in lieu of overtime by agreement between the employee and the manager concerned.

2.2.2 Overtime

- a) Ordinary hourly rate of pay – The ordinary hourly rate shall be one, two thousand and eighty-sixth part (1/2086), correct to three decimal places of a dollar of the yearly rate of salary payable for a full-time, forty-hour week as set out in clauses 5.2 to 5.8.
- b) Overtime is time worked in excess of:
 - i. eight hours per day or the rostered duty whichever is greater or
 - ii. 80 hours per two-week period

Provided that such work has been authorised in advance. This clause shall not apply to employees working alternative hours of work and the overtime provisions in Clause 2.2.2 g) shall apply.
- c) Overtime worked on any day (other than a public holiday) from midnight Sunday/Monday to midnight on the following Friday shall be paid at one and one half times the ordinary hourly rate of pay (T1.5) for the first three hours and at double the ordinary hourly rate of pay (T2) thereafter.
- d) Overtime worked from 2200 until the completion of a rostered night duty Sunday to Friday, or from midnight Friday to midnight Sunday/Monday, or on a public holiday shall be calculated at double the ordinary hourly rate of rate (T2).
- e) In lieu of payment for overtime, the employer and employee may jointly agree for the employee to take equivalent (that is, one hour overtime worked for one hour ordinary time off) paid time off work at a mutually convenient time.
- f) No employee shall be required to work for more than 12 consecutive hours where their normal shift is of 8- or 10-hours' duration.
- g) The following overtime payments shall apply where employees work a 10- or 12-hour shift roster pattern:
 - i. Ten-hour shifts: T1.5 after 10 hours for the 11th hour, then T2 for all hours worked thereafter.
 - ii. Twelve-hour shifts: T2 for all hours worked in excess of a rostered 12-hour shift.
 - iii. For those fulltime employees working 12-hour shifts, overtime shall apply after 120 hours averaged over 3 weeks at the rate specified in clause 2.2.2 c).
 - iv. For all other employees working alternative hours of work, overtime shall apply after 80 hours per two-week period (clause 2.2.2 c)) shall apply.

2.2.3 Penal Rates

- a) Weekend rate – applies to ordinary time (other than overtime) worked after midnight Friday/Saturday until midnight Sunday/Monday shall be paid at time one half (T0.5) in addition to the ordinary hourly rate of pay (as defined in clause 1.6).

Except that employees (other than Genetic Counsellors/Associates and Psychologists) employed in the three Auckland Districts (Waitemata, Auckland/Te Toka Tumai, and Counties-Manukau) shall be paid:
 - i. time one (T1.0) in addition to the ordinary hourly rate of pay after three ordinary hours worked between midnight Friday/Saturday and midday Saturday; and
 - ii. time one (T1.0) in addition to the ordinary hourly rate of pay for ordinary hours worked after midday Saturday until midnight Sunday/Monday
- b) Public Holiday rate – applies to those hours which are worked on the public holiday. This shall be paid at time one (T1) in addition to the ordinary hourly rate of pay (as defined in clause 1.6). (See clauses 7.4 to 7.8 for further clarification.)
- c) Night rate – applies to ordinary hours of duty (other than overtime) that fall between 2000hrs and until the completion of a rostered night duty from midnight Sunday/Monday to midnight Friday/Saturday and shall be paid at quarter time (T0.25) in addition to the ordinary hourly rate of pay (as defined in clause 1.6).
- d) Overtime and weekend/public holiday or night rates shall not be paid in respect of the same hours, the higher rate will apply.

3 CALL BACKS

3.1 Call-back occurs when the employee:

- 3.1.1 is called back to work after completing the day's work or duty, and having left the place of employment; or
- 3.1.2 is called back before the normal time of starting work and does not continue working until such normal starting time.

The following salaries are expressed in full time forty hour per week rates. Where an employee's normal hours of work are less than forty per week the appropriate salary for those hours shall be calculated as a proportion of the forty hour rate.

5.1.2 Designated Positions

- a) The Degree and non-Degree scales provide for separate salary scales for the appointment of staff to Designated Positions. These are positions that have been formally established as Designated Positions by the employer. Designated Positions are positions commonly involving both advanced clinical/technical practise /leadership and/or management responsibilities. Holders of Designated Positions usually have job titles, for example, Team Leader, Section Head, or Professional Advisor and appointment normally occurs after advertising of the position.
- b) Following ratification of this agreement parties agree to undertake a review of the roles undertaken by employees who are in roles in the merit range of the previous CAs but who were not in identified designated positions. This review will determine whether the role the individual is undertaking is in fact properly classified as a designated position. The process is as set out in the terms of settlement of this Collective Agreement.
- c) The employer will determine the appropriate band for a Designated Position having regard to the duties, responsibilities and scope of the position relative to other positions with the employer, including those that translated onto the Designated Scales as a result of the Allied Pay Equity settlement. The parties acknowledge that Te Whatu Ora intend to introduce a common job sizing methodology for Designated positions to assist in determining appropriate allocation to a Designated band. Te Whatu Ora will engage with the PSA throughout this process .

5.1.3 Placement of New Employees on Salary Scales

- a) When determining the appropriate placement of new employees on the automatic steps of any scale the employer will take into account the employee's years of experience in the occupation.

- c) Placement of new employees will be subject to the specified minimum and maximum steps for the specific occupation and take into account the placement of current employees employed in the same role.

5.2 Clinical/degree-qualified scales

5.2.1 Access to this scale is for the range of positions under coverage of this Collective Agreement that generally require a minimum relevant three-or four-year University degree or equivalent to enter the profession. This requirement will in most instances be set by the relevant Regulatory Authority under the Health Practitioners Competence and Assurance Act (HPCAA) but may include by the accepted registration bodies for professions not subject to the HPCAA, or by explicit requirement by the employer as a minimum qualification.

5.2.2 The parties recognise that historically, Allied Health professions have not always required a university degree as an entry point to the profession. This clause is not intended to exclude employees who:

- a) do not hold a university degree but who have achieved registration with their regulatory authority; or
- b) hold a position for which the current requirement is to have a university degree and/or registration but who does not hold that university degree.

5.2.3 Subclause 5.2.2 does not act to exclude any employee who was paid on the Allied & Public Health Salary Scale or Alcohol & Other Drug Clinical scale in a regional MECA that preceded this Agreement nor does it act to include any employee who was paid on a salary scale other than the Allied & Public Health Salary Scale in a regional MECA that preceded this Agreement, unless otherwise agreed.

Provided that, if a different position is accepted and within the period of extended parental leave in terms of 10.10.2 (a), the employee's previous position or a similar position becomes available, then the employee shall be entitled to be appointed to that position; or

- d) where extended parental leave in terms of 10.10.2 (a) above expires, and no similar position is available for the employee, the employee shall be declared surplus under clause 31.4 of this Agreement.

10.11 If the employee declines the offer of appointment to the same or similar position in terms of sub clause 10.9.1 above, parental leave shall cease.

10.12 Where, for reasons pertaining to the pregnancy, an employee on medical advice and with the consent of the employer, elects to work reduced hours at any time prior to confinement, then the guaranteed proportion of full-time employment after parental leave shall be the same as that immediately prior to such enforced reduction in hours.

10.13 Parental leave absence filled by temporary appointee - If a position held open for an employee on parental leave is filled on a temporary basis, the employer must inform the temporary appointee that their employment will terminate on the return of the employee from parental leave.

10.14 Employees on parental leave may from time to time and by agreement work occasional duties during the period of parental leave and this shall not affect the rights and obligations of either the employee or the employer under this clause.

10.15 Paid Parental Leave

- a) Where an employee takes parental leave under this clause 10, meets the eligibility criteria in 10.2 (i.e. they assume or intend to assume the primary care of the child), and is in receipt of the statutory paid parental leave payment in accordance with the provisions of the Parental Leave and Employment Protection Act 1987 the employer shall pay the employee the difference between the weekly statutory payment and the equivalent weekly value of the employee's base salary (pro rata if less than full time) for a period of fourteen (14) weeks.
- b) The payment shall be made from the commencement of the parental leave and shall be calculated at the base rate (pro rata if applicable) applicable to the employee for the six weeks immediately prior to commencement of parental leave.
- c) The payment shall be made only in respect of the period for which the employee is on parental leave and in receipt of the statutory payment if this is less than 14 weeks.
- d) Where 10.3.4 applies and both partners are employed by the employer, the paid parental leave top up will be made to only one employee, being the employee who has primary care of the child.

10.16 Reappointment After Absence Due To Childcare

10.16.1 Employees who resign to care for a dependent pre-school child or children may apply to their former employer for preferential appointment to a position which is substantially the same in character and at the same or lower grading as the position previously held.

10.16.2 Parental leave is a distinct and separate entity from absence due to childcare.

10.16.3 The total period of childcare absence allowed is four years plus any increases in lieu of parental leave. Longer absence renders a person ineligible for preferential appointment.

10.16.4 Persons seeking reappointment under childcare provisions must apply to the former employer at least three months before the date on which they wish to resume duties.

10.16.5 This application for reappointment must be accompanied by:

- a) The birth certificate of the pre-school child or children; and
- b) A statutory declaration to the effect that the absence has been due to the care of a dependent pre-school child or children, that the four year maximum has not been exceeded, and that paid employment has not been entered into for more than 15 hours per week. Where paid employment has exceeded 15 hours per week the reappointment is at the CEO's discretion.

10.16.6 The employer shall make every effort to find a suitable vacancy for eligible applicants as soon as their eligibility for preferential re-entry is established. Appointment to a position may be made at any time after the original notification of intention to return to work, provided the appointee agrees.

10.16.7 Where:

- a) The applicant meets the criteria for eligibility; and
- b) There exists at the time of notification or becomes available within the period up to two weeks before the intended date of resumption of duties a position which is substantially

the same in character and at the same or lower grading as the position previously held;
and

- c) The applicant has the necessary skills to competently fill the vacancy; then the applicant under these provisions shall be appointed in preference to any other applicant for the position.

10.16.8 Absence for childcare reasons will interrupt service but not break it.

10.16.9 The period of absence will not count as service for the purpose of sick leave, annual leave, retiring leave or gratuities, long service leave or any other leave entitlement.

11 JURY SERVICE/WITNESS LEAVE

- 11.1 Employees called on for jury service are required to serve. Where the need is urgent, the Employer may apply for postponement because of particular work needs, but this may be done only in exceptional circumstances.
- 11.2 An employee called on for jury service may elect to take annual leave, leave on pay, or leave without pay. Where annual leave or leave without pay is granted or where the service is performed during an employee's off duty hours, the employee may retain the juror's fees (and expenses paid).
- 11.3 Where leave on pay is granted, a certificate is to be given to the employee by the Employer to the effect that the employee has been granted leave on pay and requesting the Court to complete details of juror's fees and expenses paid. The employee is to pay the fees received to the employer but may retain expenses.
- 11.4 Where leave on pay is granted, it is only in respect of time spent on jury service, including reasonable travelling time. Any time during normal working hours when the employee is not required by the Court, the employee is to report back to work where this is reasonable and practicable.
- 11.5 Where an employee is required to be a witness in a matter arising out of his/her employment, he/she shall be granted paid leave at the salary rate consistent with their normal rostered duties. The employee is to pay any fee received to the Employer but may retain expenses.

However, any service period for which a period of long service leave has already been taken or paid out shall not count towards this entitlement.
- 13.2 Long Service Leave will be paid for each week of leave on the same basis as annual leave (clause 6) in accordance with the Holidays Act 2003. This will be based on the employees FTE status at the time of taking the leave. Wherever practicable long service leave is to be taken in periods of not less than a week.
- 13.3 For the purposes of 13.1 recognised service shall be from 1 October 2008 unless the employee has an ongoing or grand-parented provision.
- For employees with an ongoing or grand-parented provision, the following shall apply. The employee shall accrue the entitlement in accordance with clause 13.1 above, with their service being deemed to commence, for the purpose of this calculation, on the date service was previously deemed to commence under the scheme. Any long service leave actually taken, shall be deducted from that entitlement and the residue shall become the remaining entitlement. That shall be added to any further accrual, with the leave being taken in accordance with clause 13.1 above.
- 13.4 Leave without pay in excess of three months taken on any one occasion will not be included in the 5-year qualifying period, with the exception of Parental Leave.
- 13.5 The employer shall pay out any long service leave to which the employee has become entitled but has not taken upon cessation of employment.

- 15.4 Attention is also drawn to the employer's policies and procedures on health and safety, this includes the Worker Participation Agreements (WPA) where these are agreed between the parties.
- 15.5 The employer recognises that to fulfil their function Health and Safety Representatives (HSRs) require adequate training, time and facilities. Where the employer and employee agree, the employee may purchase appropriate protective clothing/footwear/ prescription eyewear and the employer will reimburse actual and reasonable costs.
- 17.3 Damage to personal clothing – An employee shall be reasonably compensated for damage to personal clothing worn on duty or reimbursed dry cleaning charges for excessive soiling to personal clothing worn on duty, provided the damage or soiling did not occur as a result of the employee's negligence, or failure to wear the protective clothing provided. Each case shall be determined on its merits by the employer.

30 RESERVED

31 CONSULTATION, CO-OPERATION AND MANAGEMENT OF CHANGE

Note: For change that potentially impacts more than one District please be aware of the alternative approach set out in Appendix H.

31.1 Statement of Intent

It is recognised that ongoing changes are necessary to ensure the continuing quality of health services. These changes can be unsettling for staff.

The employer will consult when introducing change in order to seek solutions that consider the interests of the various groups involved. Information will be shared freely within the organisation and will be communicated in time for affected employees (and the PSA) to be involved in the consultative process.

All participants in the process have an equally valuable contribution to make to the process of managing change. A partnership in this process is highly desired.

31.2 Management of Change

31.2.1 The parties to this collective agreement accept that change in the health service is necessary in order to ensure the efficient and effective delivery of health services. They recognise a mutual interest in ensuring that health services are provided efficiently and effectively, and that each has a contribution to make in this regard.

31.2.2 Regular consultation between the employer, its employees and the union is essential on matters of mutual concern and interest. Effective communication between the parties will allow for:

- a) improved decision making.
- b) greater cooperation between employer and employees; and
- c) a more harmonious, effective, efficient, safe and productive workplace.

31.2.3 Therefore, the parties commit themselves to the establishment of effective and ongoing communications on all employee relations matters.

31.2.4 The employer accepts that employee delegates are a recognised channel of communication between the union and the employer in the workplace.

31.2.5 Prior to the commencement of any significant change to staffing, structure or work practices, the employers will identify and give reasonable notice to employees who may be affected and to the PSA to allow them to participate in the consultative process so as to allow substantive input.

31.2.6 Reasonable paid time off shall be allowed for employee delegates to attend meetings with management and consult with employees to discuss issues concerning management of change and staff surplus.

31.2.7 Prior approval of such meetings shall be obtained from the employer and such approval shall not be unreasonably withheld.

31.3 Participation

Partnership relies on the participation of PSA members in decisions that affect their working lives. To be meaningful participation requires active involvement of the union in decision-making, (not just consultation on decisions already made) and workers having real influence over their working environment.

Partnership is underpinned by the principles contained in Appendix H.

The working relationship between the parties is based on principles that deliver constructive, timely and meaningful engagement between the parties around issues of common interest. In doing this the parties recognise each party has their individual objectives.

- 31.3.1 Consultation involves the statement of a proposal not yet finally decided upon, listening to what others have to say, considering their responses and then deciding what will be done. Consultation clearly requires more than mere prior notification.
- 31.3.2 The requirement for consultation should not be treated perfunctorily or as a mere formality. The person(s) to be consulted must be given sufficient opportunity to express their view or to point to difficulties or problems. If changes are proposed and such changes need to be preceded by consultation, the changes must not be made until after the necessary consultation has taken place.
- 31.3.3 Both parties should keep open minds during consultation and be ready to change. Sufficiently precise information must be given to enable the person(s) being consulted to state a view, together with a reasonable opportunity to do so – either orally or in writing.
- 31.3.4 Consultation requires neither agreement nor consensus, but the parties accept that consensus is a desirable outcome.
- 31.3.5 However, the final decision shall be the responsibility of the employer.
- 31.3.6 From time-to-time directives will be received from government and other external bodies, or through legislative change. On such occasions, the consultation will be related to the implementation process of these directives.
- 31.3.7 The process of consultation for the management of change shall be as follows:
 - a) The initiative being consulted about should be presented by the employer as a “proposal” or “proposed intention or plan” which has not yet been finalised.
 - b) Sufficient information must be provided by the employer to enable the party/parties consulted to develop an informed response.
 - c) Sufficient time must be allowed for the consulted party/parties to assess the information and make such response, subject to the overall time constraints within which a decision needs to be made.
 - d) Genuine consideration must be given by the employer to the matters raised in the response.
 - e) The final decision shall be the responsibility of the employer.

The above process shall be completed prior to the implementation of clause 31.4.

31.4 Staff Surplus

- 31.4.1 When as a result of the substantial restructuring of the whole, or any parts, of the employer's operations; either due to the re-organisation, review of work method, change in plant (or like cause), the employer requires a reduction in the number of employees, or, employees can no longer be employed in their current position, at their current grade or work location (i.e. the

terms of appointment to their present position), then the options in sub-clause 31.4.4 below shall be invoked and decided on a case by case basis in accordance with this clause.

31.4.2 Notification of a staffing surplus shall be advised to the affected employees and their Union at least one month prior to the date of giving notice of severance to any affected employee. This date may be varied by agreement between the parties. During this period, the employer and employee, who can elect to involve their Union Representative, will meet to agree on the options appropriate to the circumstances. Where employees are to be relocated, at least three months' notice shall be given to employees, provided that in any situation, a lesser period of notice may be mutually agreed between the employee and the employer where the circumstances warrant it (and agreement shall not be unreasonably withheld).

31.4.3 The following information shall be made available to the Union representatives:

- a) the location/s of proposed surplus
- b) the total number of proposed surplus employees
- c) the date by which the surplus needs to be discharged
- d) the positions, grading, names and ages of the affected employees who are union members
- e) availability of alternative positions in Te Whatu Ora.

On request the Union representative will be supplied with relevant additional information where available.

31.4.4 Options

The following are the options to be applied in staff surplus situations:

- a) Reconfirmed in position
- b) Attrition
- c) Redeployment
- d) Retraining
- e) Severance

Option (a) will preclude employees from access to the other options. The aim will be to minimise the use of severance. When severance is included, the provisions in subclause 31.4.9 will be applied as a package.

31.4.5 Reconfirmed in position

Where a position is to be transferred into a new structure in the same location and grade, where there is one clear candidate for the position, the employee is to be confirmed in it. Where there is more than one clear candidate the position will be advertised with appointment made as per normal appointment procedures.

31.4.6 Attrition

Attrition means that as people leave their jobs because they retire, resign, transfer, die or are promoted then they may not be replaced. In addition or alternatively, there may be a partial or complete freeze on recruiting new employees or on promotions.

31.4.7 Redeployment

- a) Employees may be redeployed to an alternative position for which they are appropriately trained (or training may be provided). Any transfer provisions will be negotiated on an actual and reasonable basis.

Where the new job is at a lower salary, an equalisation allowance will be paid to preserve the salary of the employee at the rate paid in the old job at the time of redeployment. The salary can be preserved in the following ways:

- b) lump sum to make up for the loss of basic pay for the next two years (this is not abated by any subsequent salary increases); or
- c) an ongoing allowance for two years equivalent to the difference between the present salary and the new salary (this is abated by any subsequent salary increases).
 - i. Where the new job is within the same local area and extra travelling costs are involved, actual additional travelling expenses by public transport shall be reimbursed for up to 12 months.
 - ii. The redeployment may involve employees undertaking some on-the-job training.

31.4.8 Retraining

Where a skill shortage is identified, the employer may offer a surplus employee retraining to meet that skill shortage with financial assistance up to the maintenance of full salary plus appropriate training expenses. It may not be practical to offer retraining to some employees identified as surplus. The employer needs to make decisions on the basis of cost, the availability of appropriate training schemes and the suitability of individuals for retraining.

If an employee is redeployed to a position which is similar to his/her previous one, any retraining may be minimal, taking the form of on-the-job training such as induction or in-service education. Where an employee is deployed to a new occupation or a dissimilar position the employer should consider such forms of retraining as in-service education, block courses or night courses at a technical institute, nursing bridges programmes, etc.

31.4.9 Severance

Payment will be made in accordance with the following:

- a) "Service" for the purposes of this subclause means total aggregated service with the employer, its predecessors or any other District, but excludes any service with any District or their predecessor which has been taken into account for the purposes of calculating any entitlement to a redundancy/severance/early retirement or similar payment from any other District or their predecessors. Employees who commenced employment with the current employing District prior to 1 October 2008 will retain pre-existing severance provisions, which are more favourable than those in this clause.
- b) 8.33 per cent of base salary (T1 rate only) for the preceding 12 months, in lieu of notice. This payment shall only be made where the requisite notice cannot be given. Notice that is of a lesser period than required by this document shall require the employer to pay an amount proportionate to the ungiven period of notice. This payment is regardless of length of service; and
- c) 12 per cent of base salary (T1 rate only) for the preceding 12 months, or part thereof for employees with less than 12 months' service; and
- d) 4 per cent of base salary (T1 rate only) for the preceding 12 months multiplied by the number of years of service minus one, up to a maximum of 19; and
- e) Where the period of total aggregated service is less than 20 years, 0.333 per cent of basic salary (T1 rate only) for the preceding 12 months multiplied by the number of completed months in addition to completed years of service.
- f) A retiring gratuity or service payment if applicable (the retiring gratuity provision in the regional MECA that preceded this Agreement shall apply including, where applicable, the provisions that relate to employees with less than 10 years', eight years', and five

years' service). The parties note that not all Districts had retirement gratuity provisions in the regional MECAs that preceded this Agreement).

- g) Outstanding annual leave and long service leave may be separately cashed up.
- h) Where there is an offer of redeployment to reduced hours, an employee may elect to take a pro-rata compensatory payment based on the above severance calculation.
- i) Nothing in this agreement shall require the employer to pay compensation for redundancy where as a result of restructuring, and following consultation, the employee's position is disestablished, and the employee declines an offer of employment that is on terms that are:
 - i. the same as, or no less favourable, than the employee's conditions of employment; and
 - ii. in the same capacity as that in which the employee was employed by the employer, or
 - iii. in any capacity in which the employee is willing to accept

31.4.10 Job Search

Employees will be assisted to find alternative employment by being able to have a reasonable amount of time off work to attend job interviews without loss of pay. This is subject to the team leader/manager being notified of the time and location of the interview before the employee is released.

31.4.11 Counselling

Counselling for the employee and their family will be made available as necessary.

31.4.12 Change of Ownership

Where an employee's employment is being terminated by the employer by reason of the sale or transfer of the whole or part of the employer's business, nothing in this agreement shall require the employer to pay compensation for redundancy to the employee if:

- a) The person acquiring the business, or the part being sold or transferred -
 - i. has offered the employee employment in the business or the part being sold or transferred; and
 - ii. has agreed to treat service with the employer as if it were service with that person and as if it were continuous; and
- b) The conditions of employment offered to the employee by the person acquiring the business or the part of the business being sold or transferred are the same as, or are no less favourable than, the employee's conditions of employment, including:
 - i. any service-related conditions; and
 - ii. any conditions relating to redundancy; and
 - iii. any conditions relating to superannuation -
under the employment being terminated; and
- c) The offer of employment by the person acquiring the business or the part of the business being sold or transferred is an offer to employ the employee in that business or part of the business either:
 - i. in the same capacity as that in which the employee was employed by the Employer, or

- ii. in any capacity that the employee is willing to accept.
- d) Where the person acquiring the business does not offer the employee employment on the basis of a, b and c above, the employee will have full access to the staff surplus provisions.

31.4.13 Employee Protection Provisions

The parties acknowledge that Section 69M of the Employment Relations Act 2000 requires all collective agreements to contain provisions in relation to the protection of employees where their employer's business is restructured. It is agreed that these provisions exist within the current collective agreement (e.g. Clause 31.2 Management of Change and Clause 31.4.12 Change of Ownership) or by virtue of the statutory provisions set out in Sections 19, 20 and 21 of Schedule 1B of the Employment Relations Act 2000.

32 RETIRING GRATUITIES

The retiring gratuity provisions that applied in the regional MECAs that preceded this Agreement shall continue to apply. [See Appendix C]

33 ENDING EMPLOYMENT

33.1 Notice Period

33.1.1 The employee/employer may terminate the employment agreement with four weeks' written notice, unless otherwise negotiated with the employer. Agreement for a shorter notice period will not be unreasonably withheld. When the agreed notice is not given, the unexpired notice may be paid or forfeited by the party failing to give the agreed notice.

33.1.2 This shall not prevent the employer from summarily dismissing any employee without notice for serious misconduct or other good cause in accordance with the employer's disciplinary procedures and/or rules of conduct.

33.2 Abandonment of Employment

An employee absent from work for three consecutive working days without notification to the employer or without appropriate authorisation from the employer will be considered by the employer as having terminated their employment without notice, unless the employee is able to show they were unable to fulfil their obligations under this section through no fault of their own. The employer will make all reasonable efforts to contact the employee during the three days period of unnotified absence.

34 HARASSMENT PREVENTION

34.1 Employees should refer in the first instance to the provisions and procedures specified in the employer's Harassment Policy. The employee's attention is also drawn to clause 35 - Employment Relationship Problems. Harassment can take many forms, including sexual harassment, bullying, racial harassment, violence, and other forms of intimidating behaviour.

34.2 Guidelines for Supervisors and Guidelines for Complainants are available from the Human Resources Department.

35 EMPLOYMENT RELATIONSHIP PROBLEMS:

These include such things as personal grievances, disputes, claims of unpaid wages, allowances or holiday pay.

Let the Employer Know

Employees who have a problem in their employment should let the employer know so that the problem can be resolved in a timely manner. In most cases employees will be able to approach their manager to talk the issue through and reach an agreement. HR can help with this process. However, it is recognised that sometimes employees may not feel comfortable in approaching their manager or an agreement may not be able to be reached. If this is the case, employees may wish to contact a PSA delegate or organiser to get advice or assistance.

Representation

At any stage PSA members are entitled to have appropriate PSA representation working on their behalf.

The PSA Membership and Support Centre is on-line between 8:30am and 5:00pm, Monday to Friday.

Freephone	0508 FOR PSA 0508 367 772
Email	enquiries@psa.org.nz
Website	www.psa.org.nz

The employer will work with the employee and the PSA to try and resolve the problem. The employer can also choose to have a representative working on its behalf.

Mediation Services

If the problem continues employees have the right to access the Mediation Service. The mediators are employed by the Employment Relations Service as one of a range of free services to help people to resolve employment relationship problems quickly and effectively. The mediators will help the parties decide on the process that is most likely to resolve problems as quickly and fairly as possible.

Employees can ask their union organiser/delegate to provide assistance in accessing this service. Alternatively, the Mediation Service can be contacted on 0800 800 863.

Employment Relations Authority

If the parties are still unable to resolve the workplace problem, employees can apply to the Employment Relations Authority (ERA) for assistance. The ERA is an investigative body that operates in an informal way, although it is more formal than the Mediation Service. The ERA looks into the facts and makes a decision based on the merits of the case, not on legal technicalities.

Again, employees can ask a union organiser to provide assistance in accessing this service.

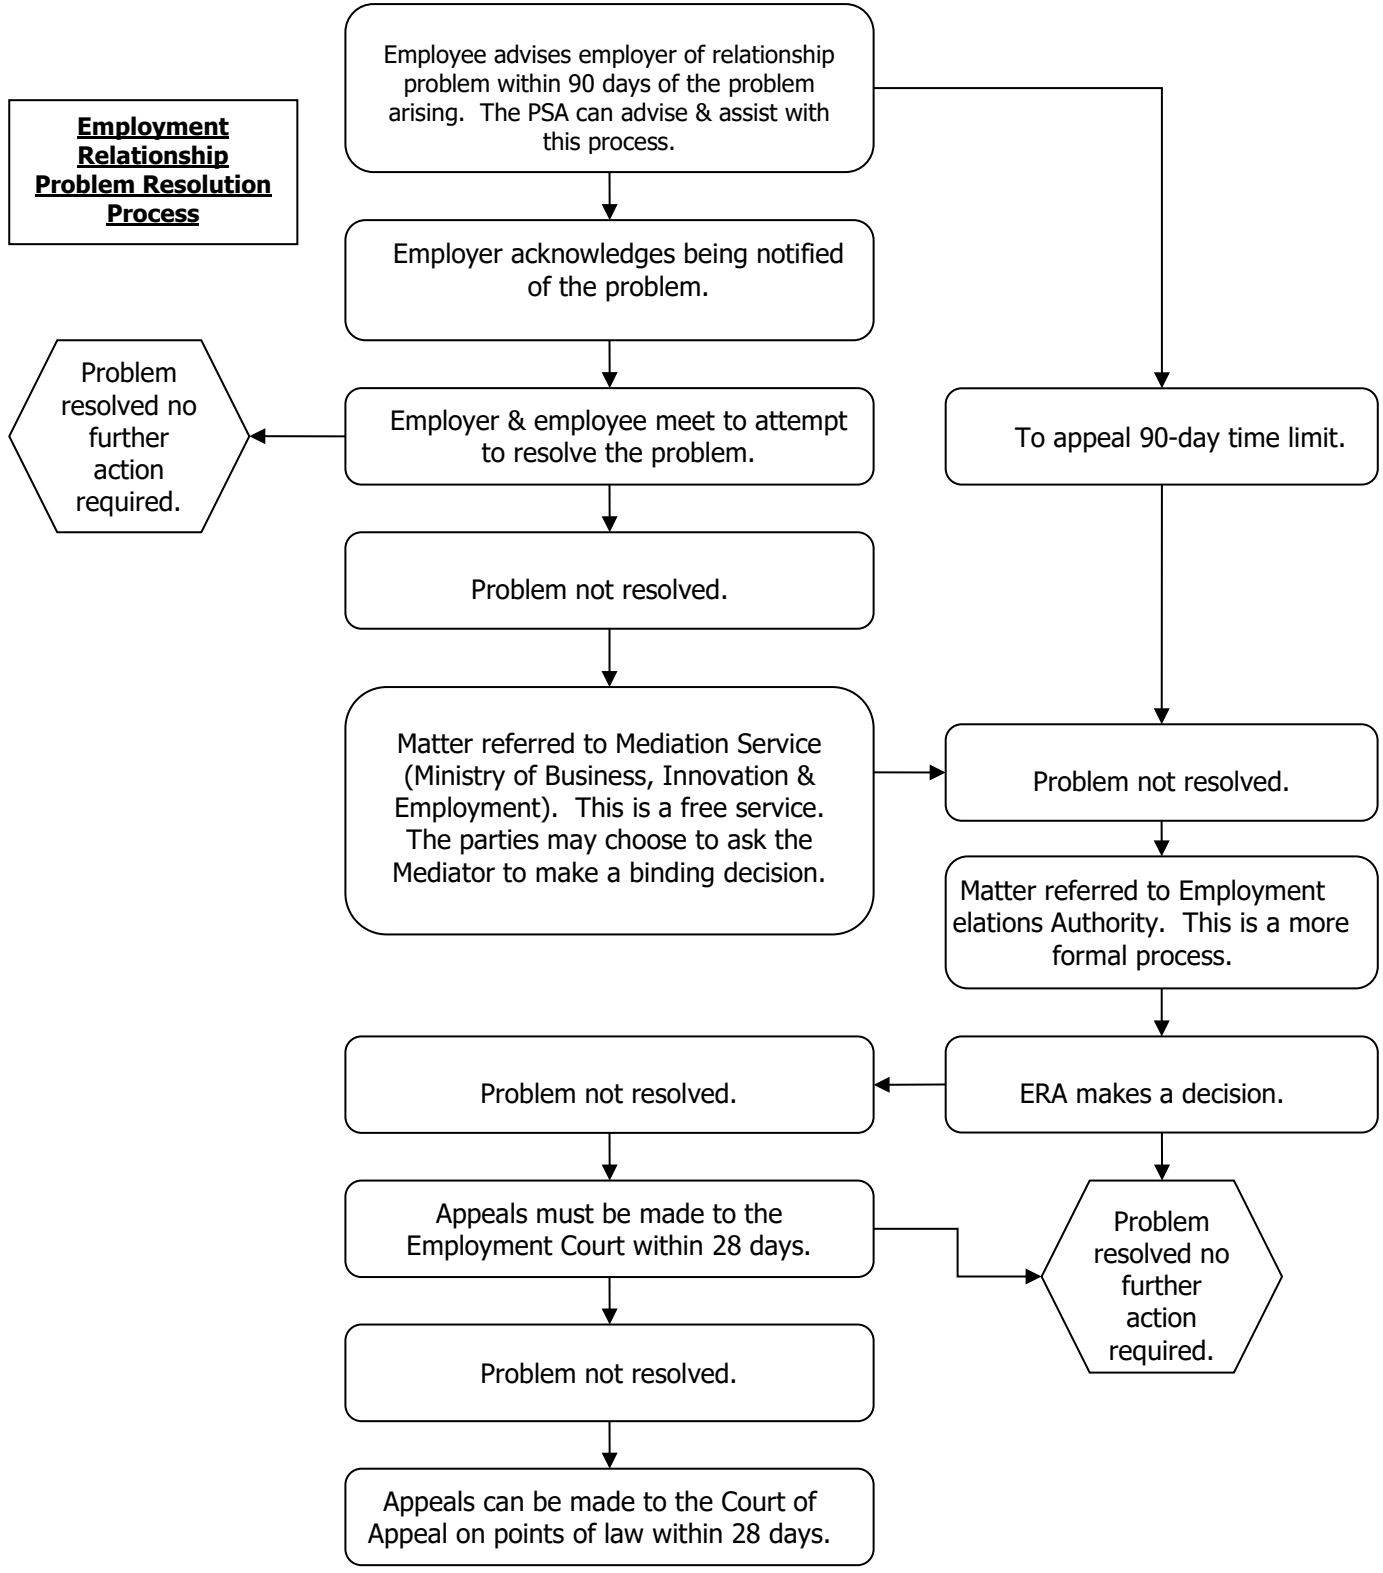

Personal Grievances

Employees may feel that they have grounds for raising a personal grievance with the employer (for unjustified dismissal, unjustifiable disadvantage, discrimination, duress, sexual or racial harassment). If this is the case, employees need to raise their grievance within 90 days of the action occurring or the grievance coming to their notice. Except that in respect of a personal grievance related to alleged sexual harassment, this period can be up to one year. If the

grievance is not raised to the employer's attention within this timeframe the employee's claim may be out of time.

If the employee's grievance is raised out of time, the employer can choose to accept the later grievance or to reject it. If the employer chooses to reject it, the employee can ask the ERA to grant leave to raise the grievance out of time.

The employee's grievance needs to be raised with the employer so that the employer knows what it is about and can try to work to resolve it. The employee can verbally advise the employer or put the grievance in writing. The employee's PSA delegate or organiser can help with this process. Once the employer knows of the employee's grievance, the employer is able to respond to the expressed concerns.

36 VARIATION TO COLLECTIVE AGREEMENT

This Agreement may be varied in writing by the signed agreement between the employers and the PSA, subject to their respective ratification processes. Any variation will apply only to those employees directly affected. Employees are “directly affected” only if their terms of employment will be altered as a result of the proposed variation. At the time of entering into this agreement, the employers’ ratification process requires the signature of all employer parties.

Notwithstanding the above, new models of service provision/care may be trialled at the local level by written agreement between the relevant local management and union officials. Such agreed trials may modify the operation of identified clauses in the CA for the defined period of the trial without the need for formal variations to the CA. There is no obligation to propose, or to agree to, a trial, nor does the agreement to the trial compel either party to subsequently agree to make the changes on a permanent basis.

37 SAVINGS

Except as specifically varied by this Agreement, nothing in this Agreement shall operate so as to reduce the wages and conditions of employment applying to any employee at the date of this Agreement coming into force.

The parties acknowledge that all matters discussed during the negotiation of this Agreement have been dealt with, and where intentionally deleted, the savings clause does not apply.

38 NON-WAIVER UNDERSTANDING

Failure by either party to enforce any right or obligation with respect to any matter arising in connection with this Agreement shall not constitute a waiver as to that matter, or any other matter, either then or in the future.

39 TERM OF DOCUMENT

This agreement shall be deemed to have come into force on 30 November 2023 and shall expire on 30 June 2025.

Signed this 30 day of January 2024

APPENDIX A - RECOGNITION STEPS – PROGRESSION PROCESS

Recognition Steps – Progression Process

Principles

1. The recognition steps facilitate progression that many employees naturally seek in the course of their work. It is designed to enable employees to utilise their expertise as a formal part of their practice, while enhancing service delivery and fostering continued development and growth through the process of agreed objective setting and delivery
2. For this reason, it is anticipated that, where reasonable and agreed, an employee may be able to progress the objectives required for recognition progression during work time.
3. To be Eligible for Salary Progression:
 - a) An employee may initiate the recognition process immediately after moving to the qualifying step (e.g. Step 8 to progress to Step 9, Step 9 to progress to Step 10). As per clause 5.2.10(e)(i), progression will not occur until the employee has been on the qualifying step for at least a year. An employee must be on Step 8 (APS) before they can move to Recognition Step 9 or must be on Recognition Step 9 to move to Recognition Step 10.
 - b) Demonstrates innovation, excellence, leadership, and/or specialist skills and knowledge in their contribution to service. This could include, but is not limited to:
 - i. At least two years working in an area of specialisation or advancing practice.
 - ii. Recognised by other staff as becoming expert in at least one area of clinical or cultural skills and approached as a resource and teacher (with appropriate evidence
 - iii. Evidence of involvement in quality and improvement initiatives or audit activity.
 - iv. Evidence of involvement in research, presenting at conferences or authoring work.
 - v. Agreed postgraduate study.
 - c) Has had a satisfactory performance appraisal (or equivalent) within the last 12 months.
 - d) Is undertaking clinical work at the level expected as described in the GEPP document at the applied for salary step. Link: Draft Guidelines for Expectations of Professional Practice of Allied Health, Scientific and Technical Professionals (GEPP) 2023.
 - e) Has achieved agreed objectives linked to Guidelines for Expectation of Professional Practice at relevant level.
 - f) Is contributing to the wider organisational goals, the team, the service, the locality, or the system in general.
4. An employee can progress to the Recognition Step at any time throughout the year (once criteria is met), i.e., they do not need to wait for their anniversary date. However, only one step movement can be made annually.
5. The criteria for progression to each recognition step are as follows:
 - a) To access Recognition Step 1 (Step 9 of the Degree-based scale) an employee must select and complete objectives across no fewer than two domains ensuring that cultural safety and Te Tiriti principles are woven into objectives. Objectives must be chosen from the “Further Developing Knowledge & Skills” or further Stage of Development.

- b) To access Recognition Step 2 (Step 10 of the Degree-based scale) an employee must select and complete objectives across no fewer than two domains, ensuring that cultural safety and Te Tiriti principles are woven into objectives. Objectives must be chosen from the “Becoming Expert” Stage of Development.
- c) To access Step 4 of Grade DF on the Clinical/degree qualified designated salary scale, an employee must select and complete objectives across no fewer than two domains, ensuring that cultural safety and Te Tiriti principles are woven into objectives. Objectives must be chosen from the “Acknowledged Leader” Stage of Development. At least one objective will be selected from the “Leadership & Management” domain.

Objectives

- 6. It is intended that objectives are ones that show growth, development, and continuing contribution to the service. As such, objectives will generally be relevant to the service, wider organisation and/or profession evidence of role stretch/meritorious performance.
- 7. The parties acknowledge that it is the individual employee’s decision and responsibility to initiate the processes associated with the recognition progression step. To commence the process the employee will write to the team leader/ manager requesting a meeting to set objectives.
- 8. The discussion and setting of objectives for additional progression would normally occur in conjunction with the employee’s annual performance review. Objectives agreed will be specific, measurable achievable realistic and time bound (SMART). Reviews throughout the 12 months can be undertaken by mutual agreement. Setting the objectives may involve the professional lead or equivalent.
- 9. In the event that the manager and the employee cannot agree on the objectives the employee may consult with the relevant union. If there is still no agreement, they may need to meet with the union and their manager, professional lead or equivalent. This objective setting process is to be completed in three months of the employee requesting the meeting. Without agreed objectives no progression will occur.
- 10. Recognition objectives must be set and agreed prospectively by the manager and the employee in a timely manner. However, the setting of objectives may take into consideration work that has been initiated within a reasonable timeframe prior to the objectives being set as long as objectives remain current to service need/service development and of benefit to professional development.

3.3 Payment for Calls resolved by Telephone not resulting in a Return to Work for Allied Health Staff covered by the PSA Allied Health Collective Agreement

3.3.1 This guideline outlines the process for claiming payments for on-call situations that are managed remotely by the staff member using telephone contact and without needing to attend the location of work. It sets out the arrangements agreed with the PSA in response to the requirements specified in Clause 4.17. Telephone On-Call arrangements set out in the PSA Allied, Public Health & Technical Collective Agreement expiring on 30 June 2023.

The two relevant clauses are:

- a) Due to variation of practice and need across Districts, services and workforces, the parties have agreed it is not desirable to have a single national approach to telephone on call arrangements.
- b) Therefore, the parties confirm that local arrangements may be developed to respond to the issues of telephone on call, recognising the differing service contexts of such arrangements. Any such agreements should be recorded in writing.

3.3.2 Applies to: All Waitaha and Te Tai O Poutini Te Whatu Ora staff covered by the Public Service Association (PSA) Allied, Public Health, Scientific & Technical Collective Agreement (CA) who participate with an on-call roster within their clinical services.

3.3.3 Reason: Staff cover on call situations and are, at times, able to offer advice and/or resolve specific clinical patient enquiries to support patient care without returning to their workplace. This results in a timely and appropriate service for our patients but in a manner that is outside

the current definition of paid call back work. This guideline is a local solution to these situations for Allied Health staff covered by the PSA collective agreement.

3.3.4 Definitions:

- a) Telephone call work - Work completed by an Allied Health Professional (AHP) when away from base whilst not on duty who may or may not be rostered on call. Not on duty applies where the staff member is contacted by the staff member on-call who needs to consult a senior colleague. This could apply to social work where the social worker on call needs to discuss with the social work duty manager, or to a less experienced junior Dietitian/Physio/Pharmacist who needs to consult a colleague who works in a specialised area.
- b) Nuisance telephone calls - a telephone call when the specified service's on-call guidelines have not been appropriately adhered to. The AHP will highlight the call to the appropriate line manager in the phone call log. The Clinical Manager will review the phone call log and work with Services to minimise nuisance calls.

3.3.5 Exclusions:

- a) Telephone calls which result in an AHP returning to the workplace are not covered by this guideline as they are covered by the normal on call process set out in Clause 3 of the PSA collective agreement.

3.3.6 Payment for work completed by Telephone Call

- a) Timing for payment will commence when the call is answered and include any time on the call, including seeking clarification or further information from caller or other multi-disciplinary team members, completing any necessary work required, giving advice/treatment plans including the waiting time if the AHP asks the referrer to contact them again, or if the AHP needs to contact the referrer again. It will also include the time taken to document the telephone call in the clinical notes, including any advice, direction or outcomes as specified by the AHP as per their required professional standards. Payments will be made at the appropriate overtime / penal rates as per the PSA Allied, Public Health & Technical Collective Agreement– Clause 2.2.
- b) The on-call allowance rate is not impacted by this policy, including whilst performing 'Telephone Call Work' as defined below and as per the PSA APHST MECA – Clause 4.1.3; "The on-call allowance is payable for all hours the employee is rostered on call including time covering an actual call out".

3.3.7 Examples and Information for Clarification

- a) Telephone Call Work as defined above is aggregated for the on-call period. A period is 24 hours and includes rostered time worked i.e. the staff member does a morning shift beginning at 7am and is then rostered on call until the start of their next shift at 7am the next day so 7am to 6.59am is the 24-hour period. If the staff member is on call over the weekend and begins work at 3pm on Friday afternoon is on call over the weekend and commences work at 7am on Monday, then there are 3 periods on call. The first 24 hours beginning at 3pm on Friday afternoon and which ends at 2.59pm on Saturday, the second period begins at 3pm Saturday and ends at 2.59pm on Sunday and the third period begins at 3pm Sunday and ceases when the staff member begins work at 7am on Monday morning. Should the staff member start work at 3pm on Monday then it is still 3 periods of on call.
- b) Telephone Call Work as defined above is aggregated and recognised for payment over the period.

- i. Example 1: an on-call staff member completed two phone calls and associated documentation. This took a total of 35 mins over the on-call period. Payment claimed would be 1 hour.
- ii. Example 2: An on-call staff member has four calls and associated documentation taking a total of 2 hours and 10 mins over the on-call period. Total payment claimed would be 2 hours 10 minutes.

Aggregated Time Worked in One On-Call Period	Payment Claim
1 – 60 minutes	1 hour
> 60 minutes and < 3hours	Pay for total time worked
> 3 hours	Pay for total time worked

- c) If a staff member is not on call but is contacted for expert advice e.g. a less experienced Physiotherapist on call contacting a more experienced Physiotherapist not on call – both can claim for the call and for the associated documentation.
- d) There are minimum break obligations set out in the Agreement which need to be considered where on-call work is undertaken. Telephone Call Work is recognised as a qualifying period of work as per clause 2.1.7 of the PSA APHST MECA
- e) If the call back starts as a telephone call and then the work requires the staff member to come in, and the total time for both the telephone work and on-site presence work exceeds 3 hours then the staff member is paid for all time worked.
- f) Nuisance calls are included in Telephone Call Work payments; however, an education piece is required as outlined in the nuisance telephone call definition, “The Clinical Manager will review the phone call log and work with Services to minimise nuisance calls”.

3.3.8 Documentation

- a) Due to the differing needs and functions of the professions this document does not dictate how the documentation is to occur, but services must develop a process which meets the following principles. Documentation must:
 - i. occur during or on completion of telephone call back
 - ii. include the start and end times
 - iii. meet the district’s relevant professional standards
 - iv. include summary of work completed and outcomes
 - v. be filed in patient’s clinical notes (paper or electronic) in a timely manner
- b) Any payments claim may be audited and it is important that documentation meets the professional standards required and validates the claim. If the documentation is insufficient, then payment may not be made.
- c) Where clinical notes can be accessed remotely and can be completed electronically, then documentation is expected to be completed as part of the phone call work. Clinicians are expected in this scenario to have appropriate device (provided by Te Whatu Ora) to complete clinical notes with them whilst rostered on call.

3.3.9 Claiming Payment

Claims for payment should be entered in microster and the approval for the payments will be completed by the clinical manager of that cost centre. Where possible the use of exception

sheets should be minimised and therefore reporting the payments should be completed by the end of the weekly roster pay period.

3.3.10 Associated Document

This guideline should be read with the TE WHATU ORA/PSA ALLIED, PUBLIC HEALTH, SCIENTIFIC & TECHNICAL COLLECTIVE AGREEMENT expiring on 30 June 2023

3.4 ChCh Campus Payment for work completed by Telephone Call:

- a) Timing for payment will commence when the call is answered and include any time on the call, including seeking clarification or further information from caller or other multi-disciplinary team members, completing any necessary work required, giving advice/treatment plans including the waiting time if the AHP asks the referrer to contact them again, or if the AHP needs to contact the referrer again. It will also include the time taken to document the telephone call in the clinical notes, including any advice, direction or outcomes as specified by the AHP as per their required professional standards.
- b) Payments will be made at the appropriate overtime / penal rates as per the PSA Allied, Public Health & Technical Collective Agreement– Clause 2.2.
- c) The on-call allowance rate is not impacted by this policy, including whilst performing 'Telephone Call Work' as defined below and as per the PSA APHST CA – Clause 4.1.3; "The on-call allowance is payable for all hours the employee is rostered on call including time covering an actual call out".

Preamble

The parties acknowledge the need to develop the models of community oral health services to meet the Government’s policy objectives for which these services are funded. This includes alignment of delivery and accessibility of community oral health services with other health services. The parties commit to constructively engaging to manage service changes in accordance with their mutual obligations and the principles expressed in the document, during the term of this agreement.

Hours of Work

The Hours of Work provisions in this CA make it clear that all existing hours of work arrangements continue unless they are changed using the processes set out in the Hours of Work provisions.

The parties have endeavoured to update the provisions of Appendix J to capture variations agreed through the change process set out in the original 2007/08 settlement; an inadvertent omission from this Appendix does not negate any such local variation that has been agreed.

Long Service Leave Exclusion

Unless formally agreed and documented otherwise, where a community oral health service operates during school-term time only, but Oral Health/Dental Therapists are paid their standard salary for a full 52-week year without any discount to acknowledge this, then they shall not be eligible for Long Service Leave (clause 13). For clarity, this exclusion will not apply where the salary is pro-rated for working weeks of the year and paid as a ‘smoothed’ amount over the course of the calendar year.

Dental/Oral Health Therapy specific provisions are outlined below, by District:

APPENDIX G: HAUORA MĀORI WORKER

Assessment of Clinical and Cultural Competency for the Purpose of Placement on the Hauora Māori Worker Salary Scale.

The DHBs and the PSA acknowledge the significant contribution that Te Rau Matatini has made to the development of this Appendix, the process for assessment and the assessment criteria.

1. Introduction

This framework is designed to provide a consistent approach to the assessment of employees in positions that come within the definition of Hauora Māori Workers in terms of their cultural knowledge and expertise. When combined with an assessment of the employee's clinical competence, it allows the relevant District manager to determine the appropriate level on which to place the employee.

2. Hauora Māori Workers

These are defined as positions that work almost exclusively with Māori patients/clients and where the employee has been engaged because of their knowledge and expertise in Māori cultural matters.

Job titles within the Districts are listed below. This should not be viewed as an exclusive list.

Apiha Kaitohu	Cultural Advisor/ Worker	Kai Awhina
Kai Manaaki	Kaiatawhai	Kaiawhina Māori
Kaimahi Toiora Māori	Kaitakawaenga	Kaiwhiriwhiri
Kaumatua	Kuia	Māori Advisor
Māori Community Health	Te Tauawhiri	Kaimahi Hauora
Kaitiaki	Te Pou Kokiri	Whai Manaaki
Whānau Support Worker	Whaea Matua	Kaioranga Hauora Māori
Pukenga Atawhai Kaituitui	Māori Community Support Worker	

3. Placement On & Movement Through Salary Scale Levels

There is a two-prong process for determining the placement of Hauora Māori Workers on the salary scale. The first part of the process is to determine which of the three salary levels most appropriately reflects the employee's cultural and clinical competence. This process occurs either on appointment to the position or as outlined in 4 below. The second process occurs when the employee reaches the top automatic step of the salary level to which they have been appointed. At this point, the employee may choose to apply for the merit steps within the salary level. Hauora Māori Workers who have been appointed to Level Two or Level Three of the salary scale apply for merit using the Career & Salary Progression (CASP) process, which is detailed in Appendix A.

4. Assessment Process

The assessment process comprises three stages and follows a formal request from the employee to have their competence assessed. Normally such a request will not be made more than once in any twelve-month period. The process involves:

- Self-Assessment: This involves the employee assessing themselves against the cultural competency framework as well as providing an assessment of their clinical competence (in line with the requirements of the employee's position description). It is up to the employee to

assemble the evidence that they consider supports their various assessments. It is this self-assessment and supporting evidence that forms the basis for the assessments described in b) and c) below.

- Peer and Senior Professional Assessment: The self-assessment will be presented to one peer and one senior professional mutually agreed by the employee and the employee's service manager or the manager's proxy. Where agreement cannot be reached the service manager/proxy shall decide who will carry out this aspect of the assessment. In addition to the self-assessment, the two assessors, working jointly, may seek further evidence and/or input from others nominated by the employee, including the whānau of clients/patients. Where there is a therapeutic relationship between the employee and someone nominated for the assessors to speak with, particular care must be taken not to impinge on that therapeutic relationship. The merit of any additional evidence will be evaluated based on the assessors' knowledge and understanding of the employee's role.
- Kaumatua and Service Manager (or proxy): The report from the process described in b) above, together with the employee's self-assessment and all evidence gathered, shall be assessed jointly by a Kaumatua with no potential or actual conflict of interest in relation to the employee and the employee's service manager or proxy. Following the critique of the evidence if there are any doubts as to the outcome of the assessment process, the Kaumatua and Service Manager/Proxy may interview the employee and/or the peer and senior professional assessors. Following this evaluation process, the Kaumatua and Service Manager/Proxy shall make a decision on the appropriate level of competence. If the Kaumatua and Service Manager/ Proxy cannot reach agreement with respect to the evaluation, the decision rests with the Service Manager/ Proxy. Where the assessment justifies advancement to a higher scale then this is a matter for the Service Manager/ Proxy to recommend or approve according to the organisation's delegated authority policy.
- Where the final assessment is inconsistent with the employee's own assessment, or the recommendation is that they are correctly placed relative to their overall competence and expertise, the employee shall be given appropriate feedback including details of those areas where improvement is required to proceed to a higher level.
- Discretionary Additions/Alterations to the Process:

The employer may agree to additions/alterations to the process such as the following:

 - A peer (Tuakana/ Teina) process that allows the team and or roopu tautoko to have input into the validation of the practice of the worker.
 - A hui process that includes discussions around the employee's years of experience and the level at which the employee should be assessed.
 - Submission of portfolio.

Note: The employee may withdraw their request for assessment at any stage

5. Cultural Competency/ Expertise Framework

Cultural competency highlights the commonalities of Māori responsiveness. This should include competencies that are Māori, Clinical and Community.

This section contains the details of the cultural competency framework against which employees are to be assessed.

The purpose of the assessment is to place the employee on the most appropriate of the three levels. Those employees with a basic understanding should be placed on level one, those who are fully competent on level two and those who are advanced/ expert should be on level three. When making decisions the employer should have regard to the placement of other Hauora Māori Workers.

1. Supporting national and local bipartite structures

Bipartite Action Group (BAG)

These structures substitute any existing comparable bi-partite structures.

National Bipartite Action Group (National BAG)

This relationship framework, and the undertaking of activities required by it, shall be overseen by a committee of representatives of the parties, known as the Bipartite Action Group (BAG). The parties will decide their respective membership with members representing NZNO, SFWU, PSA members and DHBs. All parties will have representatives at the National BAG meetings with sufficient status to enter into agreement on matters raised. BAGs will be chaired on a rotational basis by DHBs and the union parties. Both the DHBs and union parties will have the same number of votes with union parties deciding how their voting rights will be determined.

The committee will meet through voice and or video conferencing as required and hold face to face meetings at periods to be agreed but no less frequently than quarterly. DHBs are required to support the functioning of the BAG through ensuring parties are able to be released from other duties for this purpose.

The BAG will as necessary advise and participate in the work programme and or other initiatives of the Health Sector Relationship Agreement. It will determine the process on resolving individual and collective union and DHB issues. These will include implementation, application and interpretation issues that have a national relevance. It will also be the responsibility of the National BAG to support the ongoing activity of Local BAGs and to deal with any issues that are submitted from these groups through regular reports. The National BAG will agree on processes for its own operation and will circulate them as guidelines for Local BAGs.

All parties to the relationship have an interest in promoting the work of the BAG and will in the first instance seek to agree on the content and form of any communications relating to the work of the BAG. BAG may develop proposals / projects for the improvement of workforce practices and planning involving the DHB health workforce or receive such initiatives from others.

Secretarial services shall be provided by TAS.

Local BAGs

Where they do not already exist, a BAG will be established in each DHB. The local BAG will provide a forum for workers and their union to engage in discussions and decision making on matters of common relevance. This will not prevent unions discussing individual issues with the DHB directly. But where the issue/s have relevance to more than one union all relevant parties should have the opportunity to be present and be part of the decision-making process.

Issues discussed at local level should be focussed on improving productivity and efficiency of the DHB and instigating local change that will benefit the parties in the effective running of the DHB and wellbeing of employees.

2. Healthy workplaces

- a) Nationally,
- b) Regionally,
- c) Across a number of DHBs, impacting on one or more unions,
- d) Where changes are likely to result to the structure of employment relationships in the sector.

Either party may also make a request to the HSRA steering group to use this process. All parties to the HSRA steering group must then agree/disagree whether this approach is appropriate.

If it is agreed to use this process, the issue will effectively be placed with the HSRA Change Management Framework (CMF) sub-committee.

The CMF sub-committee will include union and DHB representatives appropriate to the change initiative.

The CMF sub-committee is tasked with making a considered decision on the processes to be used in the implementation of the policy or initiative and will provide a forum to decide the appropriate process for the change management.

The CMF sub-committee will ensure the change to be implemented in a coordinated fashion at the appropriate level across the sector and involve appropriate stakeholders as each situation requires.

Where this clause has been used, it will be considered to meet the requirements for consultation as detailed in this agreement. {refer to specific CA and CEA sub clauses}

4. Disputes and problem resolution

The parties accept that differences are a natural occurrence and that a constructive approach to seeking solutions will be taken at all times. The object of this clause is to encourage the National BAG to work cooperatively to resolve any differences and share in the responsibility for quality outcomes.

When a consensus decision on interpretation of an agreement has been reached at the national, BAG the decision will be formally captured and signed by the parties and will be binding on all parties from that time.

Any matter that cannot be resolved will be referred by the BAG to a mutually agreed third party who will help facilitate an agreement between the parties. Failing identification of a mutually acceptable third party, the matter shall be referred to the Mediation Service of the Ministry of Business, Innovation, and Employment (MBIE) (or its successors) to appoint someone.

In the event that the parties cannot reach an agreed solution and unless the parties agree otherwise, after no less than two facilitation meetings, the third party will, after considering relevant evidence and submissions, provide a written but non-binding recommendation to the parties.

Nothing in this agreement shall have the effect of restricting either party's right to access statutory resolution processes and forums such the Employment Relations Authority or the Employment Court or seek other lawful remedies..

APPENDIX J – HEALTHY WORKPLACES (FEBRUARY 2010)

The parties to the DHB / CTU Health Unions National Terms of Settlement agree that all employees should have healthy workplaces.

Achieving healthy workplaces requires:

1. Effective care capacity management¹; having the appropriate levels of staff, skill mix, experience, and resourcing to achieve a match between demand and capacity
2. Systems, processes and work practices that ensure efficient scheduling and a credible, consistent and timely response to variance in demand
3. A workplace culture between employees and their managers that reflects an understanding and actively advocates a balance between safe quality care, a safe quality work environment and organisational efficiency.
4. Recognition that everyone can be a leader by using the authority (expertise) vested in their role to participate and constructively engage with others.
5. The development of a learning culture that emphasizes employees at all levels being given the opportunity to extend their knowledge and skills, as identified in their performance development plans where they are in place.
6. Appreciation that good patient outcomes rely on the whole team and that teams need opportunities to work and plan together.
7. Having the right tools, technology, environment and work design to support health and safety and to ensure effective health care delivery. This includes the opportunity to be involved in the decisions about what is needed and when.

The parties agree that these seven elements should be evident in all DHB workplaces and apply to all employees, and agree to work jointly towards the implementation of them by the following:

- The parties agree to work together to establish a national framework for a whole of system approach to care capacity management which;
 - provides efficient, effective, user friendly processes and structures
 - provides centralized, multi stakeholder governance
 - is used consistently and effectively at all levels to manage and monitor care capacity
 - includes a core data set by which the health of the system is monitored and is used to inform forecasting, demand planning, and budgeting
 - includes consistent, credible, required responses to variance in care capacity
 - recognises the need for local solutions consistent with the principles of healthy workplaces

¹ Care capacity management is the process of ensuring that the demand for service placed on an organisation can be adequately met within a context of quality patient care, a quality work environment for staff, and fiscal and procedural efficiency.

- Each party will undertake to promote and model behaviour that demonstrates productive engagement and builds a workplace culture that enables everyone to feel their contribution is valued and respected. Opinions of those performing the work will be sought when new innovations, improvements and changes are required, in a manner consistent with consultation and change management processes referred to below
- Quality of care and quality of the work environment are agreed priorities that underpin productivity and will be incorporated in all workplace processes and actively sponsored at all levels of the organization
- Developing and maintaining policies and practices that actively encourage all employees to be confident in leading and making decisions within their levels of expertise and experience.
- Access for all employees to appropriate professional development and appropriate learning opportunities, including appropriate national qualifications, in order to give them greater opportunities to extend their roles and responsibilities within the public health system.
- Facilitating appropriate release time to attend relevant professional development and learning opportunities;
- A wider team approach to planning and evaluation of service capacity and service delivery will be used to ensure the right people with the right skills are providing the right care (role) at the right time in the right place. This will support staff in taking responsibility and accountability for their own services' performance, and using the tools and policies in place to effect improvement
- Nationally consistent consultation and change management processes to facilitate both input into decision making on issues affecting the workplace and active engagement in the development and /or problem solving of initiatives to address the issues.

Escalation Processes

Escalation will focus on the development of locally based variance response management processes.

The parties endorse the development of locally based variance response management processes and commit to constructive engagement with the Care Capacity Demand Management (CCDM) program within the Safe Staffing Unit for implementation.

The parties commit to developing these methodologies / tools throughout the term of this Collective Agreement.

Escalation Pathway for Allied, Public Health and Technical workload issues

The parties acknowledge their mutual interest in ensuring services across all settings are appropriately resourced so they can safely and effectively deliver care, or support the delivery of care, for patients, their families/whānau and communities. Resourcing includes the numbers, skill mix and deployment of staffing. Service-level Standard Operating Procedures (SOPs) for dealing with variance between staffing levels and demand will be developed with and understood by team members.

Where workload demand exceeds capacity, the following process shall be followed:

1. The member or team will notify their manager, who will implement the service's SOPs to alleviate the immediate workload issues.
2. Strategies that managers consider implementing may include but is not limited to:
 - Team huddles
 - Sourcing casual, cross-site, community and/or inter-team cover taking into consideration impact on service demand and workloads/capacity
 - Cancelling or deferring non-clinical activities
 - Extending hours, overtime -taking level of overtime required into consideration to ensure time for rest and recuperation. Ensuring staff breaks are scheduled into workloads

- Increasing the clinical load of the Clinical co-ordinator or other leadership/management roles
 - Reviewing any emerging demand likely to impact service delivery in the service area that may require prioritised therapeutic interventions

Depending on the extent of the variance between capacity and demand, the Integrated Operations Centres or service leadership team will undertake the following actions:

- Operations Centre manager/service leadership team determines plan for immediate management and communicates with stakeholders – such plans may include cancellation or deferral of planned procedures or clinics
- Review staffing for next 24 hours
- Check with allied health, scientific and technical leaders that all demand data is up-to-date and accurately reflects current workloads, waiting lists, and acuity (where this exists)
- Checks the impact of forecasted demand for service provision for the next 24 hours against known capacity
- Checks capacity and demand for each team/ward/unit
- Mitigation plan documented and implemented

In the event that the steps above do not resolve the workload issue, the member or team will be supported to resolve the issue as follows:

1. The member or team will notify the most senior Allied Health Manager in the District as soon as immediately practicable, including a summary of the workload issue and steps already taken.
2. This manager will escalate to Executive team as per the SOPs
3. PSA and relevant Allied Managers will agree to an appropriate level of review or evaluation of the incident.

APPENDIX K - NATIONAL DHB/PSA ALLIED, PUBLIC HEALTH & TECHNICAL ENGAGEMENT FORUM

The parties agree to put the National Engagement Forum (NEF) into abeyance for the term of this Collective Agreement and focus on local engagement through the Local Engagement Forums (LEFs).
